

**HEAVY DUTY**

# SKELETON BUCKETS

*for Skid-Steer Loaders*

Model 150-72

**Pick up large rocks and debris -  
and leave the dirt behind.**

A Star Skelton Bucket is perfect for this purpose. The open ribbed bottom lets dirt and material less than 2½" in size fall thru while retaining the larger materials. These rugged buckets are ideal for landscape work, sorting materials, as well as for general clean-up. Good applications for Star Skeleton Buckets are found in many industries including agriculture, construction, landscaping, demolition and scrap handling. Low in cost, they are easy to justify on almost any job.

What ever the application, you will find Star Skelton Buckets are strong and durable. Heavy Duty construction combined with intense emphasis on quality produces a bucket that will stand up on the toughest of jobs. Buckets are available in popular 66", 72", and 84" widths.

- ▶ Bottom Ribs 3/8" thick x 2 1/8" tall with a 4" tall raised step to help retain material.
- ▶ 2 1/2" open space between ribs lets smaller particles fall thru.
- ▶ Overall Bucket Height – 20 1/2"
- ▶ Overall Bucket Depth – 34"
- ▶ Bucket Sides and Back – 1/4" plate
- ▶ Leading edge – 3/4" x 6" High Carbon Beveled Blade
- ▶ Blade punched for Optional Bolt-on-Blade.
- ▶ Heavy Duty Teeth are optional.
- ▶ Closed Box Channel Section across top and 3/4" heavy angle section at bottom provides a strong structural backbone for the bucket.
- ▶ Heavy Duty Universal-Fit Skid-Steer quick-tach fits all current full size skid-steer loaders.
